REGION'S CHAMBER CELEBRATES BUSINESS EXCELLENCE ANNUAL BUSINESS AWARDS RECOGNIZES OUTSTANDING BUSINESSES

The Prince William Regional Chamber of Commerce held its Business Awards 2007 at Heritage Hunt Golf & Country Club on October 24. This annual event highlights the many contributions that area businesses make to our community and honors business excellence in Prince William. The winners come from various fields, and include businesses large and small, showcasing the diverse businesses that blend to make Prince William such a dynamic place to work and live.

"One thing all of our nominated companies have in common is a dedication to business and community excellence. The men and women who stand before you literally are the New Prince William," said Rebecca Barnes, Chairman of the Region's Chamber, as she introduced the nominees.

The seven winners were selected based on a combination of factors including industry achievements and community involvement. Each possesses vision and innovation in their respective fields, and strives to provide the best possible products and services to their customers.

Keynote speaker Alex Orfinger is publisher of the Washington Business Journal and was recognized as one of the 150 Most Influential People in Metropolitan DC. Orfinger congratulated the winners, and encouraged the audience to continue to embrace its role as community leaders.
